Thank you, that makes sense. They have the CSTAG letter already up there, we would only need to add the regional response letter (I attached). Can you please request it to be added to SEMS?

Hi Diane,

Guess what? There is a published HQ CSTAG collection. And they have already added the April 25, 2018 CSTAG recommendations document.

Looks like we could send a request to have these two DocIDs R2-534001 and R2-534002 to the HQ Special Collection SC32313.

I see that there are similar docs posted on this public web page for Newtown Creek and Gowanus Canal.

Direct link to the HQ CSTAG – Contaminated Sediment Technical Advisory Group documents: <https://semspub.epa.gov/src/collection/HQ/SC32313>

There are 84 total documents currently included. Here is a snip it of the first four docs listed:

Superfund Records Collections

You are here: [Site Home](#) > [Superfund Records Collections Home](#) > [Superfund Records Collections Search Result](#)

Superfund Site: GUIDANCE DOCUMENTS (EPA ID: GUIDANCEDOCS)

Collection ID: 32313 Collection Description: Contaminated Sediment Technical Advisory Group (CSTAG) Documents

Appearing on this page is the list of documents making up the selected Special Collection File. This formal version of the list of documents can be text searched and printed for convenience. It may contain additional information about the Special Collection File.

You will need the free Adobe Reader to view some of the files on this page. See [PDF page](#) to learn more.

Tips on Locating Documents from the Table Listing

Oh, okay!! Maybe there is a HQ published collection for CSTAG documents. I will see if I can find it while we wait for their response. 😊

Thank you Melinda. The request was from HQs and I asked that question, I am waiting for their response.

Hi Diane,

The CSTAG recommendations and response documents have been uploaded to SEMS-RM as DocIDs 534001 and 534002.

A new AR Collection has been created for OU4 in SEMS-RM and these two documents have been added to this AR Collection AR65669.

I am still not sure about the CSTAG collection you mentioned?

- Did you want to create a new Special Collection for CSTAG documents for the Diamond Alkali Co site?
- Or is there a CSTAG collection for all of these types of documents for all sites?
- Are you wanting to add these two CSTAG documents to a "published" collection so that they will be available to the public through the Site Profile Page?

Please let me know. Thank you!!

It needs to be in the admin record collection and in the CSTAG collection.

Subject: SEMS

Can you please add these documents to SEMS Diamond Alkali OU4? I will then need the SEMS document identification numbers.

Thanks

Diane Salkie
